UNC119B polyclonal antibody

Catalog: BS31496

Host: Rabbit

Reactivity: Human, Mouse

BackGround:

Protein unc-119 homolog B: Myristoyl-binding protein that acts as a cargo adapter: specifically binds the myristoyl moiety of a subset of N-terminally myristoylated proteins and is required for their localization. Binds myristoylated NPHP3 and plays a key role in localization of NPHP3 to the primary cilium membrane. Does not bind all myristoylated proteins. Probably plays a role in trafficking proteins in photoreceptor cells
