FCHO1 polyclonal antibody

Catalog: BS34862

Host: Rabbit

Reactivity: Human, Mouse

BackGround:

F-BAR domain only protein 1: Functions in an early step of clathrin-mediated endocytosis. Has both a membrane binding/bending activity and the ability to recruit proteins essential to the formation of functional clathrin-coated pits. May regulate Bmp signaling by regulating clathrin-mediated endocytosis of Bmp receptors. Involved in the regulation of T-cell proliferation and activation. Affects TCR clustering upon receptor triggering and modulates its internalization, playing a role in TCR-dependent T-cell activation.
